Letter of Transmittal

Professor Fry:

Please find the enclosed and final *Application Portfolio* as requested. This portfolio outlines my qualifications, leadership experience, and goals, as I pursue a full-time career with The Boeing Company.

As I intern for The Boeing Company this summer as their finance systems and data analytics intern, I hope to gain the experience and technical skills needed to continue my employment. Throughout my time at Washington State University, I have gained incredible leadership experience through executive roles that require budgeting, data analysis, and collaboration. These experiences have strengthened my technical and analytical skills to contribute as I continue my career at Boeing.

This portfolio demonstrates my revisions and continued improvement from my academic progression to my work experience. This shows my commitment to advance my skills to contribute to Boeing's finance systems and data analytics department.

Thank you for your time and consideration.

Best Regards,
Marissa Cho
